

# HYDRAULIC PRESS CATALOGUE

Hydraulic Presses · 10 to 200 Tons

India's Trusted Manufacturer of Power Press & Workshop Machinery

---

# Range Overview

---

Robust hydraulic presses for deep-drawing, moulding, straightening, and forming work where slow, controlled pressure is required. H-Frame and C-Frame configurations with adjustable ram speed and stroke.

# Standard Sizes

---

10, 20, 30, 50, 75, 100, 150, 200 Tons.

# Typical Specifications

---

- Ram stroke: 150 – 600 mm
- Approach / Pressing / Return speed: Adjustable
- Motor: 3 HP – 25 HP, 3-phase
- Hydraulic system: Vane / Piston pump with pressure relief
